

Saisoft On-Line Class System Requirements

The following are the System Requirements to attend Saisoft's On-Line Instructor led Training*

1. Pentium IV or up.
2. RAM: 2GB or up
3. OS: MS Windows XP or up.
4. Free disk space 20GB or up.
5. Internet Explorer 5.0 or up, Netscape Navigator 6.0 or later or Mozilla Firefox 1.0 or up.
6. Broadband Internet Connection
7. High quality headset with microphone and speakers. Without a microphone, you can still attend the class and listen to the teacher, but you will not be able to speak to the teacher. You may type your questions to the teacher in the chat window.

* If you are taking VMWare Classes, these are your System Requirements:

Dual Processor (Intel or AMD) based PC with built in Virtualization Support, 2GB RAM, 40GB HD space with Windows XP or up. Broadband connection and headsets.
